Our Courses

All Znaniye courses follow a structured and researched curriculum which Znaniye professionals have designed and tested over the years. This is supported by our own textbooks and methodology which are available to buy.

Along with our school lessons and courses, we offer a '**Baby & me**' club for children aged 18 months to 3 years, which runs at our Chelsea, East Finchley and Stratford locations for an hour on Saturdays (Stratford) and Sundays (Chelsea, Finchley).

Our **Pre-School** focuses on the fundamentals of language: auditory learning, focus on letter-to-letter, and grasping words as a whole.

The **Primary** school course includes a study of Russian Language, literature, reading, development of speech as well as understanding elements of Russian Culture and History.

The **GCSE** course prepares students for sitting the Russian GCSE examinations. We offer mock exams and preparation for students of our school and of other schools, along with holding the final exam.

The **A-Level** two year course prepares students for the A2 exams, these can also be taken regardless of having taken the Russian GCSE Level Exam. The course offers full mock exams and feedback to ensure full preparation for students.

Our **Online School** allows students to reap the full benefits of our curriculum and teachers from anywhere in the UK. Available as both our group classes, or private tuition

Alongside the above courses - **Znaniye offers private tuition for students unable to attend weekend school or those who prefer one on one teaching**, as well as consultations for students wishing to assess their current level of Russian Language regardless of being a student with us or not.

We also provide **adult evening classes, Baby and Me Club, Drama, Choir, Maths, Art and Dance** classes for children, further information on these can be found online or via email.

Additionally to the above, we offer support for our children and parents in enrolling in top private schools.
